PURPOSE

The official Misawa Air Base website is the premiere resource for the 35th Fighter Wing Commander to inform the Team Misawa community. The Wild Weasel Wrap-Up is a bulletin board-like tool that members of the community can use to post information relevant to the Team Misawa community. The bulletin was created to minimize base-wide emails that were constantly being deleted and overwhelming Airmen as well as to give Airmen a quicker way to get their information out via an official source.
