

Effective 15 November 2016, Misawa's COLA index will be reduced by 2 points. The new [COLA index](#) for Misawa is 134.

To calculate your new COLA rate, find your [Annual Spendable Income](#) and multiply it by .34 (COLA index of $134 - 100 = 34$ and convert to a decimal .34). This will give you your annual COLA. Divide the number by 360 (days in a year), the remaining number will be COLA per day.
