CALL TREE INSTRUCTIONS

Many people are curious about how the call tree is structured when one calls the base operators (226-1110). Here we will show you visually how the tree is laid out. You will find a graphical representation of the button choices below. *These options are provided in both English (1) and Japanese (2).*

Kon'nichiwa (Good Afternoon) Visitor

Below you will find the phonebook for Misawa Air Base. Being in another country can cause many headaches attempting to learn how to call all of these new numbers. We have put this together to help give you the most up-to-date and direct phone number to the base. If you have any questions or comments about this phone book, please call the Base Operators at 226-1110 or email Masaru Minoura at masaru.minoura.jp@us.af.mil.

Making Toll-free Commercial Calls from the DSN

Simply dial 94-8XX-XXX-XXXX (No need to put the first 1).

Conference Call

Meet ME Conference is available for use by the entire Misawa AB community. This service allows up to 128 individuals to simultaneously participate in a centralized/dedicated telephone conference to conduct official business. Use of this feature is easy; simply dial "0" and tell the operator you would like to set-up an official telcon. The host will need to supply the operator with his name, rank, number of participants and the desired date for the conference. The operator will then schedule the conference and issue the requester a telcon number (226-XXXX) that will be available for use throughout the entire day. Telcon attendees can participate in the conference by simply calling the number supplied by the operator at the appropriate time. The first caller MUST use DSN 226-XXXX phone and keep in mind that the first caller will get a "ringing" tone on the line until other participants join the telcon. For some reason, if the first caller can't use the DSN 226-XXXX phone, the host will need to use the VoIP system telcon (226-3297/0176-77-3297).

For more information about the VoIP system telcon, contact 35th Communication Squadron Focal Point at 226-2666.

To join the telcon:
