WEASEL NOTAM – 35FW-18-06
Wild Weasel of the Week Program
29 July 2025

PURPOSE: To recognize Airmen for superior performance.

COMMANDER'S INTENT: The 35 FW/CC directs the Wild Weasel of the Week (WWoW) program to recognize superior Airmen from across the 35th Fighter Wing (FW) that have not been otherwise recognized above the squadron/group level. This program is a part of the weekly Wing Staff Meeting/CIB.

IMPLEMENTATION:

1. The Group assigned each week is based off the Wild Weasel of the Week Calendar located on the 35 FW SharePoint "Execs Corner" page, titled "35FW Weekly Events Tracker".

2. The 35 FW/CAG and/or 35 FW/CCE will send out emails and/or taskers within TMT weekly to all Group Execs notifying them when it is their Group's week to nominate an Airman for WWoW. The Wing Staff Meeting/CIB occurs every Monday at 1315 in the Fighter Wing Conference Room (FWCR).

3. The Group Commander (or Deputy) will work with their respective squadron commanders to select one (1) Airman of any AFSC between the ranks of E1-E6 as the WWoW using their own selection criteria.

4. NLT close of business on Monday of the week preceding the next Wing Staff Meeting/CIB, Group Execs will send the following required information in an email/TMT to the 35 FW/CAG org box and 35 FW/CCE org box:
   a. Rank, Name, AFSC, Duty Title (ie., A1C Snuffy, John, 3F551, Postal Clerk)
   b. One paragraph justification from Supervisor/Section Chief/Commander explaining the Airman's superior performance and impact on the 35 FW mission.
   c. Content of the WWoW slide.

5. The selected Airman and their supervisor will arrive NLT 15 minutes prior to the Wing Staff Meeting to meet with FW/DS and FW/CAG.

The supervisor/squadron representative will introduce the WWoW at the beginning of the Wing Staff Meeting, then transition the Airman to present his/her slide (3-5 minutes maximum for one slide presentation). FW/CC will then follow up with additional narrative.

POC: Contact the 35 FW/CAG office at 226-3124/3320 for specific questions pertaining to this NOTAM.
